### HONDO TO DO SOME STREET PAVING.

At a mass meeting held at the  
Chamber of Commerce Tuesday  
afternoon at 4 o'clock, tentative  
plans were adopted for resurfacing  
and paving North Front Street the  
full length of the block from the  
Jungman corner to the Bless corner  
to a width of 40 feet or up to the  
railroad right of way; and also all  
of Bandera Avenue from the rail-  
road north to the Eugen Huesser  
corner.

Mr. E. W. Horton, Superintendent  
of Uvalde Rock Asphalt Co., was  
present and said his company would  
do the paving with rock asphalt at a  
cost aggregating \$1.93 per front foot  
on North Front Street and \$1.01 per  
front foot on each side of Bandera  
Avenue. This is said to be a very  
low price and the property owners  
have agreed to take care of practical-  
ly all of this cost.

J. M. Finger, Elmer J. Leinweber,  
Ray Jennings and L. B. Grell were ap-  
pointed a committee to supervise the  
matter for the citizens, and it is  
hoped to secure considerable more  
paving after the work is once started.

Mr. Horton's company has just  
completed the paving on the High-  
way gap west of D'Hanis. Before  
leaving D'Hanis the citizens of that  
town employed them to pave the  
streets east and west of the depot  
north of the old Highway and thence  
all around the four sides of the  
central business block of the town.  
The paving outfit is moving  
through here to San Antonio and is  
offering the work here at reduced  
rates because of saving in expense  
of moving.

Mrs. Felix Richter, Mrs. Ed. Ney  
and two oldest children, and Mr.  
Steve Filleman spent several days  
last week in San Angelo as the guests  
of Mr. and Mrs. Oscar Filleman.  
They returned Thursday accompanied  
by Mrs. Filleman and baby, who will  
visit Mr. and Mrs. Charles Filleman  
for several days. While in San An-  
gel they drove over to Sanatorium,  
Texas, to see Miss Lucille de Montel,  
whom they report to be looking very  
well and to be planning to return  
home in July.

Miss Gertrude Umlang, daughter  
of Mr. and Mrs. A. E. Umlang of  
Utopia, received her degree in Home  
Economics with highest honors from  
the University of Texas Monday.  
Miss Umlang has many relatives and  
friends in and around Hondo who  
will be glad to hear of the honors  
bestowed upon her.

Friends of Florian Bendele are  
glad to see him able to be out again  
after an illness of some thirteen  
weeks' duration during most of which  
time he was a very sick man. Mr.

on the 4th of May fighting a tem-  
perature of 104 degrees.

afternoon from Austin where she at-  
tended the graduation of Mrs. An-  
derson Morrow from the University

formerly Miss Louise Nagle, was a

College in San Antonio.

The many friends of Sterling Fly  
will be interested in hearing that he  
received his degree of Master of Arts  
June 9 from the University of Texas.

soring a cake sale beginning at ten

### DID YOU EVER STOP TO THINK.

By Edson R. Waite, Shawnee, Okla.

MORRIS A. PENTER, ADVERTISING DIRECTOR OF THE  
SAN DIEGO (CALIFORNIA) UNION-TRIBUNE, SAYS:

"Did you ever stop to think that a newspaper as an advertising  
medium possesses many outstanding advantages?"

"Newspaper advertising reaches nearly everyone every day;  
almost everyone reads a newspaper. It is the only publication im-  
mediately associated with the life of a community."

"A newspaper contains something that everyone in the family  
wants to know about. It is the greatest factor in the country in  
moulding public opinion."

"The newspaper is the most eagerly sought piece of literature  
going into the home. It has more intimacy than any other factor in  
one's daily contact."

"Newspaper advertising produces immediate action; speed dis-  
tinguishes a newspaper's birth, life and function."

"Newspaper advertising tells us where to buy; it never lets a  
prospector get caught. It insures consumers' good will; long sales  
efforts are not required to sell the consumer on a product advertised  
in newspapers."

"Newspaper advertising is timely and permits the advertiser to  
tie his copy up with current news events. It enables the advertiser  
to enter any specific area and secure the amount of coverage that  
he needs."

"Newspaper advertising is flexible; a campaign can be started  
over-night and can be stopped at a moment's notice."

"Newspaper copy can be written to give a complete sales  
presentation of the product, or it can be written with the idea of  
trade name establishment."

"A newspaper is the closest point of contact to the actual sale  
of merchandise; the only thing that will approach it is a counter  
display or a window display."

"People of the United States pay one million dollars a day to  
get their newspapers."

"THE ONLY READING DONE BY MILLIONS OF PEOPLE  
IS CONFINED TO THE NEWSPAPERS."

### LAWN PARTY

One of the most delightful of sum-  
mer parties was that enjoyed by the  
ladies of the Methodist church and  
other friends on the beautiful lawn  
at the home of Mrs. J. A. Horgor.  
Several members of the missionary  
society assisted as hostesses.

Large bowls of Shasta daisies and  
pink roses were effectively placed on  
the tables and the beautiful dahlias,  
sweet peas, zinnias and fern growing  
in the flower beds made a beautiful  
and attractive border for the shaded  
lawn where the guests assembled.

Music from the radio on the porch  
and the following program was ren-  
dered throughout the afternoon:

Piano solo, Miss Leora Horgor;  
vocal duet, Misses Thelma Wilson  
and Mary Lois Barnes, accompanied  
by Miss Elizabeth Wilson at the  
piano; piano solo, Miss Elizabeth  
Wilson; trio, piano, flute and violin,  
Misses Grace, Jo and Kathleen  
Reiley; piano duet, Jack Muennink  
and Mrs. O. A. Fly. Several piano  
selections were rendered by Mrs.  
George Gilliam of Corpus Christi.

The silver offering, donated by the  
guests, was very much appreciated  
by the members of the W. M. S. and  
will be used for the parsonage fund.

Delicious refreshments consisting  
of angel food and sunshine cake and  
spiced tea were served during the  
afternoon to about forty guests.

### RECEPTION.

The recently completed Medina  
Hospital was formally opened to the  
public Thursday afternoon from 2:00  
to 6:30 o'clock with Mesdames Alice  
Bertrier and Mrs. H. Cook receiv-  
ing.

The spacious halls were beautifully  
arranged with floor baskets of cut  
flowers and with pot plants. The  
private rooms had lovely floral notes,  
baskets of Shasta daisies being used  
in the rooms with a white color  
scheme and sweet peas in pastel  
shades used in the rooms with color  
notes.

As they entered, the callers regis-  
tered in the guest book, which was  
presided over by Misses Adele Deck-  
er, Frances Finger and Helen Ann  
Miller. Inspection of the hospital was  
conducted by Mesdames Cook and  
Bertrier, assisted by Mesdames S.  
A. Jungman, Leo Schweers and H. J.  
Meyer. Mesdames J. M. Finger and  
O. H. Miller served the punch.

A gift room was arranged where  
the many gifts showered upon the  
managers were on display.

Over four hundred guests called  
during the afternoon.

Mr. and Mrs. H. S. Bulgerin and  
little son, Herbert Allen, returned  
Saturday from a week's vacation in  
Corpus Christi, Aransas Pass and

ing of swimming, boating and fish-

### SHOWER

Miss Dorothy Hubbard, a bride of  
the week, was honored with a shower,  
at 2:30 o'clock Thursday afternoon,  
June 4, at the home of Mrs. Armin  
Bendele, Sr., with Mrs. Bendele and  
daughter, Miss Ethel, as hostesses.  
Assisting them were Mesdames Ben  
Oefinger and Philip Jagge.

Seventy-four guests registered in  
the Brides Book which was presented  
to the honoree by Mrs. Robert A. Ben-  
dele.

A pretty color scheme of pink and  
white was carried out in decorations  
and all appointments. The living  
room was a bower of pink and white  
sweet peas, with the bride's chair,  
attractively decorated with pink and  
white fringed crepe paper, as the  
center of interest. Banking the chair  
were floor baskets holding sheaves  
of cream and pink cannas and fern.

Miss Hubbard, wearing a lovely  
eyelet embroidered organdy dress of  
pink was led to her place of honor  
by little Miss Elsie Belle Bendele,  
who wore a charming frock of pink  
crepe. A wagon with decorations of  
pink and white fringed crepe paper  
and loaded with lovely gifts was  
drawn before the honoree by Master  
Hilmer Bendele, attired in a suit of  
white.

Following the opening and display  
of the gifts, a toast to the bride was  
given by Mrs. Robert Bendele.

Delicious refreshments of chicken  
salad on shredded lettuce, potato  
chips, pickles, saltines, pink and white  
angel food cake, and iced tea were  
served.

### TO DOROTHY

Soon all shall hear your wedding  
bells

Ring out your names with glee  
And with each peal a secret tells,  
Armin and Dorothy.

You soon shall give your wedding  
vows

In all solemnity

Changing your name while you shall  
live

To that of Bendele.

Your friends have gathered here  
today

Their love for you to show

And in each gift, this happy way  
Their friendship you should know.

We wish for you much joy in life

Health and prosperity

To make Armin a true, good wife

This is your aim to be.

Just keep on smiling day and night

Tho' you're not always gay

The rolling pin keep out of sight

This is the only way.

Now Dorothy, Dear, your friends so  
true

All these good wishes give

May God with blessings shower you

As long as you shall live.

nett Newton.

### SOME SQUASHES.

Given sufficient water there is no  
limit, seemingly, to what Medina  
County's black and chocolate loam  
soil will produce. As an evidence of  
this, Mr. Alvin Mumme sent us some-  
thing unique in the form of twin  
squashes.

The two squashes measure about  
7½ inches in diameter and are as  
much alike as two peas from the  
same pod. Their stems grew togeth-  
er just a short distance back of the  
blossoms and then as the squashes  
grew they united with each other on  
the outer rim and formed a perfect  
union. The squashes are on exhibi-  
tion at this office and show for them-  
selves.

We have always doubted the story  
of one Carter having to rent land to  
store his oats because his crop pro-  
duced more than the land would hold,  
but there is no doubt that if Mr.  
Mumme expects to give his squashes  
room to grow without doubling up  
into Siamese twins he is going to  
have to enlarge his squash patch.

MAKES GOOD WHEAT.

D. G. Reitzer was a visitor at this  
office Monday and left with us a  
specimen of his wheat that is good  
enough to be a credit to any wheat-  
growing country, and shows that,  
given favorable seasons, Medina  
County soil will produce wheat at a  
profit. The grain is plump and heavy  
and the worst objection Mr. Reitzer  
has to it is that this weight caused  
it to fall down and become difficult  
to bind.

Don't bake cakes on hot days, buy  
your cake from the Catholic Ladies,  
Saturday, at the Chamber of Com-  
merce Hall.

### RURAL COMMENCEMENT.

The Commencement Exercises of  
the Rural Schools of Medina County  
scheduled for May 30 but postponed  
to the following week because of  
inclement weather, were held on  
schedule time, Saturday afternoon,  
June 6, in the Hondo High School  
Auditorium with almost all of the  
ninety seventh grade graduates pres-  
ent.

A splendid program was rendered  
and especially beautiful were the  
musical numbers. The program was  
composed of the following: vocal  
solo, Miss Sarah Rothe; violin solo,  
Clyde Mangold; trio, Mrs. Philip  
Shoop, Mrs. R. W. Gaines and Miss  
Rose Senne; and vocal solo, Miss  
Rose Senne. Accompanists were  
Mrs. W. H. Smith and Miss Josie  
Rothe.

Mr. W. L. Dubose, Chairman of  
the County Board of Trustees, gave  
an interesting address on the early  
pioneer schools of Medina County  
and compared them with the present  
day schools. Prof. J. R. Forester of  
Lytle spoke on the pioneer schools  
from the Colonial period to the pre-  
sent time of our nation. Both speak-  
ers encouraged the graduates to con-  
tinue their courses in higher schools.

County Superintendent W. N.  
Saathoff presented the diplomas to  
the graduates.

The graduates are indebted to Mr.  
R. L. Jennings of the Colonial Thea-  
tre Management for complimentary  
tickets to a show, which was greatly  
enjoyed by all.

Schools participating in the Com-  
mencement were Castrovilla, Riome-  
dina, LaCoste, Murphy, Upper Quihi,  
Fly, Natalia, Shook, Yancey, Lein-  
weber, Maverick, Seco, Burrell, New  
Fountain, Vandenberg, Verdina,  
Dunlay and Enterprise.

### TRADES DAY.

The high temperature of a summer  
day in no way hindered a crowd from  
gathering on college Square Wed-  
nesday afternoon, at 3 o'clock for  
the Trades Day drawing. The inter-  
est in five mystery prizes in addition  
to the three grand premiums is still  
the drawing card for Hondo mer-  
chants.

Prof. W. N. Saathoff cut short his  
usual timely topics because of the  
undue heat, but gave his expectant  
audience the usual jolly puns at the  
expense of local business people.

Winners for the three big prizes  
are as follows: first, the cow, Joe  
Huesser; second, the hog, Joe  
Boehle; third, the chickens, J. E.  
Murphy.

The mystery prizes were donated  
by local business houses and were  
won as follows: five gallons lubricat-  
ing oil donated by McElroy Motor  
Co., Albert Reus; bucket of paint  
donated by the Hondo Lumber Co.,  
Mrs. Claude Gilliam; box of canned  
goods donated by Earl Boon, Mrs.  
Phil Jagge; mystery package present-  
ed by C. R. A. Gaines, Mrs. Willie  
Wernette; five years' subscription to  
Fletcher's Farming donated by the  
Fletcher Davis Publications, Mr. S. A.  
Jungman.

Now that the hottest days of the  
year are here don't let them keep you  
away from the Trades Day gather-  
ings, as the Hondo merchants are  
offering some wonderful induce-  
ments for that time to all of this  
trade territory. Save your tickets!

### OUTING AT CON CAN.

A group of friends of Mrs. Jack  
Lacy motored to Con Can Monday  
morning, where they tendered her a  
pleasant surprise at the Lacy summer  
cottage. The day was spent in swim-  
ming and playing bridge.

At noon a sumptuous picnic lunch  
of barbecue, potato and fruit salad,  
deviled eggs, sandwiches, potato  
chips, cake and iced tea was served.

Those taking part in the surprise  
were Mesdames W. H. Smith and  
sons, John Becker, Henry Merriman  
and daughter, Richard Reilly and  
daughters, T. B. Knopp and daugh-  
ters, H. J. Meyer and children, O. H.  
Miller, Robert Decker, J. M. Finger  
and son, Jerome, Misses Helen Ann  
Miller, Adele Decker and Frances  
Finger and Messrs. John Finger, Jr.,  
Colby Whitehead, Chancey King,  
Robert Reynolds, Walter Meyer and  
Melville Smith.

## Maryland Woman Happy Now Loses 55 Pounds

Edith J. Marriott of Baltimore, Md. writes: "Last winter I weighed 200 pounds and was very much ashamed. I bought a bottle of Kruschen Salts which gave such wonderful results I bought more. After 4 bottles I weigh 145 pounds and all my friends say, 'How slender you've gotten—how did you do it?' I say only four words—'thanks to Kruschen Salts.'"

A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85c at W. H. Windrow's or any drug-store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back.

## WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh, laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

## BADGERS HOLD FIRST MEETING OF NEW YEAR.

Plan Swimming Party and Barbecue  
Supper at Castroville for  
Tuesday, June 15.

Tuesday evening the Hondo Baptist Badgers held their first meeting of the new year, 1931-32, at the church. The meeting marked the start of the third year of the organization and prospects are bright for this being the best year in the association's history. The Badgers discussed and acted on several matters bearing on the social, athletic and business divisions of the club.

By unanimous vote a motion to hold a (strictly stag) swimming outing and barbecue supper at Castroville Tuesday evening, June 15, was adopted. It was decided that all honorary and ex-Badgers be included in the party. Ralph de Montel, Roy Schweers and Carter Snooks were appointed a committee of arrangements. A lively program of a water polo game, swimming and diving events, boat races, and other events is being drawn up by the committee.

It was decided that the Badgers would hold a meeting every second Tuesday in the month until the opening of the basketball season. Another motion that passed unanimously was that the association would not elect an assistant manager to serve during the absence of Mr. Glenn Flinker.

A business proposition submitted by Mrs. Robde, representing the Star Engraving Co. of Houston, Texas, was accepted as one of the means to raise necessary funds to carry on the work of the club.

The group also voted to offer their services and aid to the Medina County Fair Association in the graveling of the road from the highway to the dance hall.

Before adjourning an informal discussion of prospects of the coming season's team revealed that the Badgers will more than likely have the strongest team in their history and one that will make an impressive record for Hondo and Medina County. It is a decided fact that honor sweaters will be awarded again this year to all lettermen.

## FIDELIS CLASS MEETING.

The Fidelis Class met at the home of Mrs. Charles Monkhouse Friday afternoon at three o'clock.

The meeting was opened with the reading of part of the sixth chapter of Matthew by Mrs. Leslie Holloway, the class president. Mrs. G. W. Monkhouse, a guest of the afternoon, led the prayer. The minutes were read and the treasurer urged all members to pay their dues and obligations.

Miss Bertha Newton and Mrs. Charles Monkhouse were appointed to decorate the church during June.

Miss Bertha Newton led the Bible study, the lesson being the first nine chapters of Numbers.

Delicious refreshments consisting of a salad course and iced tea were enjoyed by Mesdames H. F. King, A. Schweers, G. W. Monkhouse, Theo. Cameron, Leslie Holloway, Homer Leinweber, Misses Lora King, Bertha Newton, Alice Newton, Leora Schmidt, Kate Henderson and the hostess.

Saturday night, June 13, Babe Schindler and his bigger and better orchestra will be in Hondo to play for a dance at the Hondo Fair grounds starting at 9 o'clock.

The dance is one of the regular weekly entertainments sponsored by local boys and will be conducted in the same high class manner as the previous dances.

The floor of the cool Medina County Fair Association dance hall has been polished until it is pronounced many to be the smoothest in the west Texas.

The music, to be furnished by Babe Schindler Saturday night, is of the very best—highly entertaining and matchless for dancing.

## FUN AT FAIR GROUNDS.

The postponed barbecue at the Fair grounds was held Wednesday afternoon. An abundance of delicious barbecued meat and the usual accompaniments was served to all comers, beginning at 5 P. M.

Preceding the feast, however, the visitors were entertained by a spirited baseball game at 3:30 between the 68th Squadron from Kelly Field, San Antonio, and the Hondo Bronchos. The Bronchos lost to the visitors by a score of 3 to 13.

Following the ball game, a ¼-mile horse race was run between two Hondo horses. Miss Ozona, owned and ridden by Pete Beal, beat Lady, owned and ridden by Shed Taylor. The race was for a purse of \$100.00.

At 8 P. M. an Old Time Dance with the Eugene Artz Orchestra of San Antonio furnishing the music, was enjoyed by a large crowd of dancers.

The proceeds of the day will be spent for graveling the driveway from the Highway through the Fair Grounds.

## A BARBECUE DINNER.

## Hints For Homemakers

By Jane Rogers

A MASTER clock in the home, by which all the other timekeepers can be regulated and correct time assured, is a boon alike to the housewife who must start children off to school and the man of the house who must be at his place of business on time. A modern electric clock that plugs into the wall and can't lose or gain a second without showing a warning signal, admirably meets the need.

When packing dresses in trunks or suitcases it's always wise to place tissue paper in the sleeves and between folds to prevent creases.

## MISS FINGER HONORED.

Miss Adele Decker entertained with a swimming and dancing party, Sunday evening, at Castroville, in honor of Miss Frances Finger, who was a May graduate. The guests met at the O. H. Miller home at a quarter to six and then motored to Castroville where swimming was enjoyed.

The appetizing picnic supper consisted of barbecue, pickles, bread, potato salad, iced tea, ice cream and cake.

Following the supper, the guests enjoyed the dancing at the Electric Park Hall.

The guests were Misses Frances Finger, Regina Nester, Elta Leinweber, Madeleine Droitcourt, Helen Ann and Charlotte Miller, Jonell Rothe, Mary Emma Finger, Adele Decker and Messrs. Chancey King, John Finger, Jr., Melville Smith, August Finger, Homer Rothe, Jack Droitcourt, Jr., Colby Whitehead, Harry Filleman, Walter Meyer, Herman Finger, Bru. Miller, and Mr. and Mrs. O. H. ## DON'T SAY, "I CAN'T AFFORD TO BUY REAL ESTATE," YOU CAN.

(From San Antonio Express)  
Four words are the commonest excuse for not buying real estate: "I can't afford it."

It is regrettable that usually the man or woman who says this really believes lack of money is the reason for non-purchase. And he or she frequently will go through life without buying real estate because there never appears to be a time when enough money has been laid by to make a start.

The excuse "I can't afford it" falls down in its last word. The one who makes the excuse is willing to face fairly just what he or she means by "it". When they do, the "it" invariably turns out to mean real estate beyond their means or unsuitable for their purpose, an imaginary kind of real estate instead of something that actually covers a part of the surface of the earth and extends downward to its center.

Any one can afford to buy real estate, some real estate somewhere on terms he can meet without burden. But a great many prefer to think of the imaginary real estate they cannot afford rather than the kind which they can.

The first in buying Real Estate is an understanding of the difference between legitimate and illegitimate purpose in buying: Three legitimate ones.

1. For use of the buyer as a home or business.
2. For investment that will return a fair income.
3. For savings.

One of the commonest mistakes real estate buyers make the first time is undertaking too heavy financial load. A clear title to a low-priced lot is better than an equity in a high priced one and even if the sums represented are the same in both instances the lot free of debt has a much better trading value.

The old proverb "Little ships should sail close to shore" is a good one for the small investor, but it doesn't mean that he should stay tied at the dock forever. Learning to sail little ships brings knowledge of how to guide bigger ones and go on voyages of increasing profits.

If your excuse for not buying is "I can't afford it," think again.

## THE BRIDGETTES.

Saturday night Misses Bernice Chancey and Gen Brucks entertained the Bridgettes with a pajama bridge party at the home of Mr. and Mrs. J. R. Chancey. The tables were arranged on the porch, which was decorated with wild flowers and ferns.

At the conclusion of the games, Miss Mary Emma Finger held high score and received a necklace. Miss Anna Laura Welhausen received a large, linen handkerchief for consolation.

Refreshments consisting of flapper pear salad, potato chips, olives and punch were served.

Those present were Misses Bernice Speece, Billy Fusselman, Mary Emma Finger, Doris Windrow, Virginia Ulbrich, Rosena Taylor, Anna Laura Welhausen, Mary Ruth Wilson and the hostesses, Bernice Chancey and Gen Brucks.

THE next time you clean carrots which are to be grated, instead of cutting off the whole top leave about an inch of the stem. The whole carrot can then be used without the risk of scraping your thumb and fingers while the last bit is being grated.

A good general rule to follow in seasoning green vegetables is to use a dash of sugar to a pinch of salt. Without artificially sweetening the dish, the sugar restores the garden sweetness which so many vegetables begin to lose on their way to the kitchen.

## THE HELPING HAND.

A column of "Sunshine Gleams" by Mrs. Amie L. DeBerger, Churchville, N. Y. Send her \$1.00 direct and she will have a copy of FARMING sent to both yourself and some shut-in friend for a year and give you free a copy of her collection of Amie's P ens.

As one poetically inclined, I enjoy our editor's poetry page. In like manner I am thrilled when some correspondent writes, encloses a poem and feels more or less hesitant in allowing me to read the initial efforts of composition. This poem was written by a girl of seventeen and she had no conception of versification. I am proud of her and have tried to aid her as far as possible. To the young readers, I suggest you write to her. She is a most lovable girl and well worth your communications.

**Seeking a Friend.**  
I built a castle filled with dreams  
Fond hopes there did abide  
Until my castle, in the air,  
Went drifting with the tide.

I sought a kind and loving friend,

Again my hopes were but a blight—  
Now Friend! I'm seeking you.

## THE ESKIMO GIFT CLUB.

Dear Juniors:

You have been introduced to Mildred Spencer of Spencerport, N. Y., a young girl thirteen years old who, when ill, started to collect dolls. Today, thru her Eskimo Club, she looks back upon the time when her desire to send toys to the far-off country resulted in the first public festival held in commemoration of Christ's birth.

In the spring of 1930 Mildred's second drive brought 700 toys and following the erection of the first school house and community building in Labrador, they were distributed to the eager-eyed children. Commander Donald B. McMillan, the well known explorer, has returned from the north and the third drive continues. Mildred now dreams of a second school house and has endeavored to aid in a financial collection for this purpose.

The Eskimo Club has extended from New York to California and from southernmost states to British Columbia, with branch clubs in Northport, N. Y., Pinapolis, S. C., and San Francisco, Cal. Each member donating a toy or contribution receives a certificate bearing the signature of Commander McMillan and Mildred. Let the good work go on! Let our hearts be opened and the light of kindly hospitality shine forth in His name.

## To Grandmother.

Perhaps there is no greater heartache than that evinced in the heart of one who has lived her life of service and finds she is a back number. Such an appeal came to me from a dear soul in the south and in contrast I present the following lines written by another in memory of a loved grandparent.

## GRANDMOTHER.

Grandmother sits by the window light,  
Patiently sewing from morning till night,  
Smiling serenely over her work,  
Sometimes napping to wake with a jerk.  
Neatly she stitches the hours away,  
Lovely labors while children play,  
Sewing on buttons, patching a rent,  
Mending or darning, always content,  
Sweetly accepting each little task,  
Grandmother willingly does all we ask.

DOROTHY COX,

DeQuoin, Ill.

Romance can not be denied. Perhaps I have no finer critic than my own fourteen year old Louise. She loves my sacred stanzas but said, "Mother, we young folks like other poems." Is that your own preference? If so I shall endeavor to please all concerned.

## Soliloquy.

Oh, why, when I have tried to be  
Quite placid and secure,  
Do shadows of a doubt appear  
From dreams that must endure?

Perhaps we may have solved it all  
But still there seems to live  
A constancy, an inner urge  
To reach out and forgive.

Why do we, with a mock disdain,  
Throw priceless gifts away?  
Why do we, in our stubbornness,  
Allow such things to sway?

Life is so fraught with wonderment  
How is one then to know  
Just what is best when hearts are stirred

By thoughts of long ago?  
"Amie's Poems."

## THE MOST SURPRISING THING.

By Gloria Brumby.

Mrs. Alice Brown abounded in good works. Considering her youthfulness she acted on more committees and raised more coolie coats for Afganstan orphans than any woman on the block. In fact she belonged to everything except the Fire Department.

"Albert," she cooed at her quiet-eyed husband one bright, glad June morning over the coffee that he had made, "you won't mind if we kanda picnic tonight? Hilda Smith has just rung up and asked me if I will go and visit one of her Chinese students who has been hurt in a laundry explosion. She can't go herself because Jim Smith is such a miserable man, who acts like a black bear if Hilda goes out in the cause two Sundays in the week. She is chained to the frying pan and her only companions are the Gold Dust Twins."

Albert Brown seldom spoke his mind, so Alice continued between nibbles of Albert's nice toast, "A man like Smith would rasp any woman's nerves. Suppose you were like that, dear"—and Alice's trim little form in the colored kimono shuddered and twitched.

Her husband exuded a sound as if he were choking on the buttered toast, and smothered it—the sound—with his handkerchief. It sounded almost like a wail. Then he said weakly, "That's all right, Alice, I can get dinner at noon at Caloni's and can fix up a seven o'clock snack from the icebox." Inwardly, both mentally and physically, his being recoiled at these icebox snacks. When the day's hard work was over, he would ride home in his battered old car (Alice used the new sports roadster on her slumping jaunts) and if Alice did happen to be home to greet him her smile caused a queer little flame to leap up in his sad eyes. But most often she wasn't there and then he would get out the salad, cut a few slices of cold ham, open a can of peaches and unwrap a devil's food cake, and as he sat down in the dainty breakfast nook something like resentment smoldered within his breast, although it never broke into fire. He longed to escape from the icebox lunch, but the bars of love held him. . . .

The telephone bell rang, and Alice Brown just in from a card game laid her depleted pocketbook down and

took up the receiver. "Alice," said her husband in a strange, new, thick voice, "I might as well make a thick story short. I'm fed up dining off two dishes of ice cream. I am going home to mother's where I can get a bit of pie once in a while to go along with it." Alice clung to the table for support and vainly tried to get her husband again on the wire. Her nerves began to tighten up and she could hardly keep from crying.

As she rang the bell of the Smith's suburban domicile with the big porch and shady trees, a devastating fear took hold of her and she contemplated her doll's house apartment. With the opening of the door a delicious odor of fried chicken came forth and she heard the triumphant voice of Jim Smith say, "The most surprising thing, Al Brown, is that it has taken you four years to give Alice the works. I kicked Hilda into shape before the honeymoon was over."

"No, Jim," said Alice, as she snuggled against her husband's manly shoulder, till her russet curls almost fell into the hot soup, "the most surprising thing is that I've been so dumb as to imagine that I could feed a big he-man like Al on a stewed prune and a lady's finger."

Al Brown growled like a teddy bear. "Feed the brute," he hissed, handing her his empty plate, and Alice skipped into the kitchen.

## THE LEGISLATIVE MILL.

By Fred W. Davis.

Week ending May 1.  
Much grist was turned out of the legislative hopper in the house during the week. Not much legislation of importance however—mostly correcting existing statutes.

One revenue measure of major importance has become a law, namely, the natural gas and cigarette tax. It was predicted that this measure would fail to get by the house after the senate, by amendment, added cigarettes to the bill. The house had repeatedly shown it was against a cigarette tax. Perhaps the determined efforts of Rep. Ray Holder of Dallas County contributed greatly to the passage of the cigarette tax. Holder is Chairman of Committee on Education in the house and most of the revenue collected under the bill will go to the schools. The law is estimated to raise about six million dollars annually.

Wonder why the tax was confined to cigarettes. Why not tobacco in all forms? Is it a luxury tax? If so why shouldn't it apply to all forms of tobacco using. Maybe the passage of this bill is a good example of why each session has to spend so much time correcting or improving statutes.

Speaking of spending time, when one observes any deliberative body the thought uppermost is the apparent lost motion. There was some fifteen thousand dollars difference between the house and senate on the judiciary appropriations. Each bill called for 51-3 million dollars but the house objected to all the extra fifteen thousand the senate added and a conference was held with the result, a worked out compromise on the fifteen thousand difference. At other times the legislature may show a disposition to not permit a few hundred thousand to stand in its way.

More than a week ago the senate began consideration of the motor truck bill and are not through yet. It finally passed to engrossment but pending for additional consideration next week. This measure, which is a house bill, has been amended by the senate in many places and will doubtless go to a free conference for adjustment of differences between the two branches of the legislature.

A rather unfortunate affair came up in the legislature this week concerning the road bond amendment. Before the amendment came in the house the opponents of the measure held a caucus. One of the repre-

sentatives of Travis County is alleged to have taken a leading part in the caucus. The plan seems to have been to not compromise the issue by making amendments and a long drawn out fight. As a consequence a vote was soon reached with an indication the resolution would lose in the house.

This action was followed by a meeting of business men in Austin where resolutions were drawn demanding that the representatives of Travis County desist their active work against the road bond resolution. The reason given that there was a move on to move the Highway Department to Waco as a retaliation to the activities of the Travis County Representatives.

Resentment to this resolution was practically unanimous in the House and was strongly expressed in the senate. The general opinion is, this was an effort to coerce the Travis County members to support the road bonds, while this writer believes they are wholly unsound in principle. But no city has better citizens than some of the leaders of this move and they are not political bulldozers. Austin is proud of the state institutions located here and Austin citizens know these institutions are a business asset to the city. And somebody or some organization favoring road bonds must have made these people believe there was going to be retaliation by moving a part of the state government away from Austin. As a consequence, they felt impelled to ask the Travis County Representatives to desist their opposition to a question which has an active majority, lest it work an injury to the city of Austin. The pity is, it may never be definitely known who the guilty parties are, who really fathered the threat, because I feel sure their services would be discontinued.

The legislature has shown clearly it is not going to make the state capitol and state government a political football to be kicked about by clashing interests. It should be known by all citizens that the legislature is thumbs down on coercion; that it is still an open forum where opposition is tolerated and honest convictions are honored.

Appropriations have been brought out and may be acted upon during this session. One hears quite a bit of opposition to a called session, following this long session. If appropriations are made there is little likelihood of an extra session soon.

Week ending May 8.

But seven more working days of the 120 days session. The House has begun consideration of the educational appropriation bill. This will be followed by departmental appropriations. In fact the House is about through with the consideration of all bills except appropriations, (which are sure to go to conference), constitutional amendments and Senate bills. This means there will be more measures lost on the calendar than ever was known. This, in the face of a long session.

Of course, many of the most meritorious of these measures could be considered if the legislature would work on a while, but indications are they are not going to do this. In fact, one of the best lawyers of the House is reported to have a point of order ready to offer to the effect the new amendment limits the session to 120 days.

Heretofore the members were unwilling to extend the sixty days session because they would get but \$2.00 per day for additional time and they considered \$5.00 per day little enough. Now, they consider \$10.00 per day little enough, so it seems almost certain that adjournment will come at the close of the 120 days. Doubtless if their salaries were again doubled the members would be as unwilling to prolong the regular session for less than the regular pay. Then, there is the mileage to be considered. Of course, the new amendment should have fixed the

## THE LEGISLATIVE MILL.

(Continued from Page Seven)  
theme was what should be the outstanding issues of the next national campaign.

The speaker displayed an intimate knowledge of present conditions. His remarks were specific, sincere and courageous—an able presentation of Republican failures and Democratic opportunities. Boiled down, it was an entreaty for the Democratic party to return to the philosophy of Jefferson with the courage of Jackson.

The two houses definitely fixed the 22nd as the date of adjournment. But the governor and his spokesmen have started a move to reconsider this date and extend the session.

There is much unfinished business, yet the major portion of it has no bearing upon the question of extending the time. Named in their order the issues calling for further consideration are road bond amendment, oil proration, utilities, Congressional redistricting (because of the Fergusons) and the home rule amendment.

The cigaret and gas taxes already enacted into law is the only major effort at raising revenue that has any chance of adoption, irrespective of how long the session may last. The efforts to raise millions from sources other than the advalorem and established channels seem definitely blocked, although efforts will be continued to pass an income tax bill. Tax reform based upon ability to pay, will be a problem for some future legislature.

The so-called economy established by the house bears out the predictions made some weeks ago, namely—if any reductions were made it would likely affect only those least able to bear them.

The house salary reductions of 5 per cent and 10 per cent do not apply to the judiciary, which draws the highest salary average of any branch of the state government. The reader must bear in mind the legislature gave no consideration to the justness of salaries. It did not inquire into the merits or necessities of the salaries they voted to reduce. The action was solely in the interest of economy and let it hurt who it may. The next highest average salaries are the educational institutions. While those salaries were also reduced by the house 5 per cent and 10 per cent resolution it was frankly stated that out of other funds the educational institutions could and doubtless would bring the salaries up to normal.

This leaves the departments, which get the lowest average salaries to stand the reductions. Besides getting the least average compensation the departmental positions are the least permanent and have but two weeks vacation, while the other two get three months vacation.

We must not forget that the constitutional amendment under which this legislature is organized did not require an increase in legislative salaries. It merely permits it up to ten dollars per day. So if the salary reductions voted by the house survive the free conference and is finally adopted it will still be the same old game as mentioned in this column before, of taking away from one place and placing it at another, or robbing Peter to pay Paul with no lessened burden to the tax payers.

While pleas are being made to lessen the public burdens of the masses many disclosures of graft by public officials are being disclosed. There seems to have been almost criminal negligence in not apprehending many of these violations before now. In many instances the law itself does not sufficiently safeguard public funds. In consideration of the Adjutant General's Department by the house it was stated and not disputed, that the law permits rangers to draw witness fees and mileage as other witnesses do and at the same time collect mileage from the Adjutant General's Department. To prevent

this an amendment was offered to prohibit this double expense and the house refused to adopt it. No one has claimed that this legal privilege, perpetuated and authorized by the house vote, has been exercised by the Adjutant's Department, but raising the question in the house will cause some one to investigate. It is freely asserted that many representatives of the state government ride on free passes. Does anyone know whether when passes are used the state pays no mileage? It should be known. The Comptroller says the investigations should go on. We say no branch of the government should be exempted. Treat all alike, with special privileges to no one.

Two bills regulating motor trucks have finally passed both houses. As stated before, this legislation is the result of a commercial clash between the railroads and motor trucks with railroads in the saddle. Whatever merits the measures may prove to have will be incidental. The lines were so hard drawn that when the free conference reported a new bill it was adopted without being read. No debate was allowed except the author of a substitute motion to not adopt.

Man's love is of man's life a thing apart:  
'Tis woman's whole existence.  
—Byron.

TEXAS AND TEXANS.  
By  
Will H. Mayes  
"All Texans for All Texas"

## Quitters or Winners?

Whoever originated the slogan, "Winners never quit," said something for all of us to think about. When times get dull, we face repeated disappointments whatever we may be trying to do. We are tempted to quit and start at something that looks less difficult. Did you ever know a quitter? To quit is to admit defeat. The man who keeps on may fail, it is true, but the quitter has already failed. Texans would have had no state, if Texans had laid down their arms following defeat at Goliad or the Alamo. We would not be enjoying the heritage of our forefathers if they had been quitters. If we would be winners in the upbuilding of our state, winners for ourselves and posterity, we must carry forward the enterprises in which we are engaged; we must never quit.

## The Future Depends On Us

History records no greater achievements than those won by Texans in the last 100 years. The progress of the century is something of which every Texan may well be proud, but even greater pride should be taken in the Texas of the future, for the future is to be decided by those who are now laying the foundation for that future. In other words, we should be as zealous in the efforts of those who are to succeed as the courageous frontiersmen of the past were in their efforts for us. The less is to be less Texans. The Texas spirit is the spirit that wins.

## Producing Too Much

Most of us associate building with production, prosperity with increased output, growth with increased production. The best country is that in which people live best, where the returns for labor are not so much increased wealth as increased opportunity for the enjoyment of one's earnings. We now have too much of many things, cotton, wool, grain, oil, money in banks, land; but with all these we are poor in most of the finer things of life and in the joy we get from our possessions. Our fathers laid well the foundation of material prosperity; it is for us to build upon that foundation the basis of getting the best from life for ourselves and for others.

## A. & M. Graduates

Texas Agricultural and Mechanical College graduated 357 students the last May, which was 26 in excess of the class of last year. Of these, 96 received engineering degrees, 96 in agriculture, arts and sciences 34, vocational teaching 29. In this it will be seen that the college has become largely a school of engineers. Profits to be made in agriculture are not attractive to young college students.

## Bluebonnets as Soil Builders

Attention is being called to the fact that the Texas bluebonnet is a plant as valuable in the building of depleted soils as clovers or alfalfa. It has an excellent root system, which restores nitrogen to the soil, grows abundantly, grows on poor soil to perfection, and grows readily in Bermuda or other grasses. Late-flowering bluebonnets—some of them at Hondo—have been suggesting that the Texas bluebonnet should be the Texas flower, but the utilitarian qualities of the bluebonnet are being used to help retain for it official recognition.

## Dam Booms Kingsland

Kingsland, the little town closest to the big dam being built on the Colorado river—six miles from it—coming like an oil town since the dam has started on the dam, making strong competition with Burnet, Del Rio and Marble Falls for the construction trade. Some day, before many years have past, there will be a beautiful little lake resort right on the banks of the great reservoir.

## Del Rio Schools

Just West Texas towns have a lot of doing things on as big scales as the immense territory surrounding them. Pictures of the new school buildings at Del Rio and descriptions of them by Superintendent Andrews in the San Antonio Express show that the Mexican border city of Texas has school buildings of a type that Texas' largest city might well be proud of and schools just as excellent as their buildings. Perhaps the most notable civic improvements in the last quarter of a century have been in public school buildings.

## No Hard Times There

Marrio Springs people wonder all this talk about hard times. The town is in the middle of great artesian well irrigation districts and grows strawberries, oranges, vegetables and many other things to eat. New residences are springing up all the time and all the town. Plenty to eat and plenty of money in plenty of homes. A people plenty contented. Building Water Reservoir

Taylor doesn't want to get scared again by threatened scarcity of water like it has been at times past. Contracts have been made for a huge concrete reservoir that will hold a sufficient amount of water to supply the city over an extended drought whenever it may come.

## Laredo Onion Crop

The Laredo section this season shipped slightly more than 1,000 cars of onions, receiving approximately \$700,000 for them. Last year 1620 cars were shipped, but the returns were not so large as for the smaller crop this season. The experience of the Laredoans is, "The more you make, the less you make."

## Immigration Station

The United States has acquired a block of ground in Galveston on which to build a \$250,000 immigration station. This will serve as a general clearing house for immigrants and to hold deportees until ship transportation can be arranged for them back to their native lands. With that kind of a station for them, immigrants should get a favorable first impression of the shores on which they have landed, even if they may have to go back home.

## Texas Wool Shipments

San Angelo alone will ship this season 27,000,000 pounds of wool concentrated there. The Texas production is estimated at 50,000,000 pounds. The crop has been sold at prices ranging from 16 to 20 cents. Texas can grow enough wool to clothe the entire world comfortably, but no woolen clothes are made in the State.

## Cool Hill Country

A statement was published that Brownsville, the southernmost United States city, was the coolest place in the United States on May 28, when the temperature there was 83. Kerrville, the Hill country resort, accepted the challenge, stating that the Kerrville temperature that day was 68.

## Wanting Roads

Six to one was the vote in Real county favoring an \$85,000 road bond issue. Federal and State governments are expected to supplement this by at least twice that amount. Real county doesn't believe in waiting for a road bond constitutional amendment. That is too slow and too uncertain for these help-themselves westerners.

## Yoakum Tom-Tom

The Yoakum Tom-Tom drew 35,000 people, it is said, including the Governor and numerous other state officials. The Tom-Tom bids fair to rival the Turkey Trot of its neighbor, Cuero. Both festivals have unique names, worth much to their towns for publicity purposes.

## How you feel in the morning tells the real story

THAT'S the time you should feel like whistling and singing. Your muscles should itch to tackle the day's work. Your mind should quickly solve the problem that baffled you the afternoon before. Don't let your health slip away so that a night's rest fails in its natural recuperative powers. When you awaken with a "dragged out" physical or mental feeling, heed those bad symptoms. That's the time you need a dependable tonic to help restore your old time energy. Try a bottle of Dr. Pierce's Golden Medical Discovery, which is sold by druggists.

MISS HUBBARD HONORED.

Miss Dorothy Hubbard was honored with a miscellaneous shower Sunday afternoon, May 31. The bride-elect, gowned in a pretty frock of pink eyelet orandy, entered with little Miss Dorothy Glyn Ney in pink and Thomas Jerome, also in pink.

Miss Hubbard was showered with many beautiful and useful gifts. A dainty lunch of ice cream, cake and macaroons was served to about 89 guests.

BENDELE-HUBBARD.

The marriage of Miss Dorothy Hubbard to Mr. Armin Bendele was solemnized at 8:00 o'clock, Tuesday morning at a Nuptial High Mass in the Holy Cross Catholic Church, Rev. Father Maass performing the impressive marriage rite.

The bride, dressed in a lovely ashen of roses crepe frock, with accessories to match and carrying an arm bouquet of daisies and fern, entered on the arm of her brother, Maurice Hubbard, and was met at the altar by the groom and his best man, Mr. Walter Bendele.

DANCE

A grand dance will be given

FRIDAY NIGHT, JUNE 12

at the

PETE KOCH HALL

Come and enjoy yourself

The maid-of-honor, Miss Marguerite Hubbard, wore a charming frock of blue organdy and carried a bouquet of daisies.

Miss Lucy Rothe played the wedding march for the bridal party.

Immediately after the ceremony a sumptuous wedding breakfast was served at the home of the bride's mother, Mrs. Chas. Hubbard, for the bridal party and the immediate families.

After a brief honeymoon Mr. and Mrs. Bendele will make their home in Hondo.

The bride is the eldest daughter of Mrs. Chas. Hubbard. Their many friends wish them happiness and success.

KOCH-NEY.

The Holy Cross Catholic Church was an interesting scene on Tuesday morning, June 2, when Miss Agnes Ney, the eldest daughter of Mrs. Theresa Ney, became the happy bride of Mr. Allen Koch, son of Mrs. Alvina Koch. The impressive ceremony was read by Very Rev. Dean F. Maass, who also officiated at the Solemn High Mass which followed.

Two large floor baskets containing Shasta daisies and pot plants lined the aisle on either side. The candle lighted altars and sanctuary were further beautified with fern and flowers.

The wedding party entered to the strains of the Bridal March from Lohengrin played on the organ by Miss Josie Rothe. The groomsmen, James Finger, Charles Rieber, Wesley Huesser and Thomas Grimsinger preceded the bridesmaids in the following order: Miss Velma Lieber in orchid, Miss Hazel Koch in blue, Miss Dorothy Zerr in pink, Miss Evelyn Koch in green and Miss Marcella Ney, maid-of-honor, in peach; all wore ankle length gowns of organdy with hair-braid hats to match and carried arm bouquets of Shasta daisies and fern. Little Miss Bethra Koch, dainty in a ruffled frock of yellow, was the flower girl, while little Loyd Huesser, in black velvet, was train-bearer. The bride, who entered on the arm of her brother, Mr. Herman Ney, was met at the rail by the groom and his best man, Mitchel Koch. She was attired in a gown of white georgette and lace, her veil of tulle and lace was fitted to a lace cap finished with rosettes of pearls and orange blossoms on either side, and a shower bouquet of white carnations and fern was carried.

A reception was held immediately after the ceremony at the home of the bride's mother, Mrs. Theresa Ney where a sumptuous feast was served to the bridal party and several other friends.

Mr. and Mrs. Koch departed later in the day for a brief trip to Galveston. On their return they will make D'Hanis their home.

HINTS FOR CITY VISITORS

No. Windmills are not large electric fans for cooling off the hogs and cattle.

We milk our cows at 6:00 A. M. and 4:30 P. M. A charge of twenty-five cents is made for children desiring to hold their tails—fifty cents if they ask us if we are draining their crank-cases.

Cut your initials on our fruit trees all you wish. It merely kills them.

Don't feel that you have to get up for breakfast when you hear the hired man calling the cows. He didn't want to get up either.

There are no needles in our haystacks. Please ask your children to refrain from dissecting them.

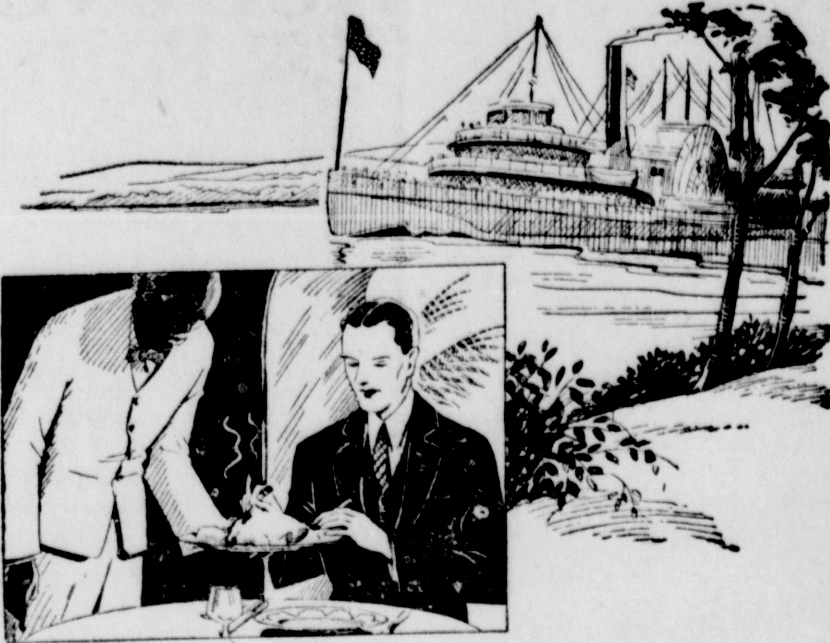

Pay your bills in advance. The tires on our flivver are a little old and we do not care to do any racing after elopers.

Famous Corn Fritters

BACK in the days when Mark Twain piloted a river-boat, Mississippi river towns were places to get wonderful things to eat. When the river packets tied up at St. Louis, the passengers hurried with eager anticipation up that long hill from the levee. Two old hotels, no longer in existence but remembered by those who liked real Southern food, were famous—one for fried chicken, the other for corn fritters.

These fritters were made from corn fresh-cut from the cob. They were golden puffy, crisp creations—things to reflect on in the lazy days that followed as the river-boat glided on to New Orleans.

Can You Make Them?

The best way we know to simulate these old-time corn fritters

—unless your corn-field grows outside your back door, where you can pick the ears while they are fresh and juicy and cut the grains off the corn and put them into fritters—is to use the new canned whole kernel corn, which is really the big, meaty kernels cut from fresh corn.

Then sift together one cup of four, three-fourths teaspoon salt and one teaspoon baking powder. Beat two eggs well, add one-fourth cup milk and combine with the dry sifted ingredients. Beat well and add one and one-half cups of the whole kernel corn and two teaspoons melted butter.

Serve these fritters with fried chicken for Sunday dinner, with the St. Louis Blues on the radio, and some good Mark Twain anecdotes on hand.

Familiar Foods in New Guise

By FREDERIC FRANCOIS GUILLOT

Chef, Hotel Astor, New York City

FREQUENTLY the most commonplace dish can be given an added appetite appeal by some slight variation in the method of preparation. Sometimes no more is required than a knowledge of seasonings—a little sugar

along with the salt and pepper, for instance, to restore the garden freshness of vegetables. Again, the result may be attained by the combination of two or more familiar ingredients.

In the secret of achieving such escapes from the ordinary routine lies many a famous cook's reputation for supreme excellence in the culinary art. The housewife who recognizes the value of this secret, and gives it practical ap-

plication in her kitchen, is well on the road to establishing a similar reputation in her own circle.

Stuffed Cucumbers—Cut four medium-size cucumbers in half, lengthwise. Cook until tender in boiling, salted water. Scoop out centers and fill with following mixture: one and a half cups cooked rice, three-fourths cup chili sauce, two teaspoons tomato ketchup, two teaspoons sugar, one-half teaspoon paprika, salt to taste, and one onion chopped fine and sauted in two tablespoons butter. Serve very hot.

Tomato au Croûton—Add two tablespoons tapioca to three-fourths cup boiling water and cook in double boiler. Place six or eight whole peeled tomatoes in baking dish. Sprinkle with three-fourths cup sugar, one teaspoon salt, and one-fourth teaspoon pepper. Pour tapioca over tomatoes. Melt four tablespoons butter, add one cup coarse bread crumbs, mix well and pour over tomatoes. Bake one hour in slow oven.

COLONIAL COVERINGS.

Foibles of Hollywood and Agua Caliente, oil millionaires who try to become picture producers, gold diggers and jealous wives—all join in a merry melange in "Stepping Out." Metro-Goldwyn-Mayer's filmization of Elmer Harris' hilarious New York stage play. The new picture will come Saturday to the Colonial Theatre. The prominent cast includes Charlotte Greenwood, Leila Hyams, Reginald Denny, Lillian Bond, Cliff Edwards and others.

"The Secret Six," M.G.-M.'s sensational drama of American city politics and the underworld, is the attraction which will head the program at the Colonial Theatre for two days, Sunday and Monday. With Wallace Beery, Lewis Stone, John Mack Brown, Jean Harlow and Marjorie Rambeau heading one of the biggest casts assembled in years, the picture unfolds an astounding tale based on actualities of modern American city life. The picture opens in a slaughterhouse, where Beery works as a killer in the pens. The narrative then takes Beery through various episodes in bootlegging resorts and comes a millionaire overlord of into prosperity, until finally he becomes the forces of the law begin their work and gradually the bootleg king is de-throned, to find his end on the scaffold. Its good!

Talk is about to start again—Marlene Dietrich will be back at the Colonial Theatre for two days, Thursday and Friday, in a picture that is bound to startle film audiences even more than her original opus, "Morocco." The picture is "Dishonored," in which this surprising woman is cast as an Austrian spy in wartime, playing a reckless and dangerous game, spurred by a patriotic purpose, with love as the ever eminent threat to safety. "Dishonored" is a brilliant story. It is said the facts were taken from the life adventure of one of the war's most glamorous woman spies. Whether or not this is so, Dietrich gives glamorous interpretation to its sometimes subtle, always exciting, chief character. Beautiful, clever, disillusioned, the amazing actress plays men at their own game, and wins, until one reckless, mocking young officer throws love into the game—and then? Then comes the smashing surprise climax which makes "Dishonored" the thrillingly great drama it is. Co-starred with the luscious Dietrich is Victor McLaglen. They are splendid together, a pair of lovers with the flavor of romance. Don't miss "Dishonored."

Geese can be raised successfully in small numbers and at a profit on farms where there is plenty of grass or pasture land with a natural water supply. Geese are the closest grazers known and both mature geese and partially grown goslings will get their entire living from good pasture land it is available. Moist pasture makes especially good grazing. Young and old geese are very hardy and are rarely affected by disease or insect pests.
